TEXAS PRESS ASSOCIATION 1958 PRIZE WINNER

Volume 100—Number 22 | CAMERON, MILAM COUNTY TEXAS, THURSDAY, AUGUST 27, 1959 | 12 PAGES TODAY

YEA-A-A-A YOEMEN — Football is not far off when school begins. And cheerleaders are practicing up for the new season that opens September 4 with West at Yoe Field. Practicing early season yells are, from left: Annette Mees, Pat Wilkinson, Bernice McGoldrick and Annette Dodd. Registration for bandsmen and athletes continues today at Yoe Campus and tomorrow for all classes. School opens Tuesday. (See inside pages for complete school roundup.)

—Staffoto

Bale Total Is 1,450; Rains Wet Cotton

Corn Harvesting Underway After Maize Finishes

Light rains were slowing cotton picking this week in Milam as bales ginned totaled 1,450 according to P. W. Davis at Cameron Compress.

Meanwhile grain plant operators were completing handling of a Milam maize crop equal to last year and working on intake of good corn crop.

County agent J. D. Moore said cotton "is looking good" and estimates of one-third bale production per acre would produce from 15,000 bales upward.

He noted that 1,032 cotton growers had 42,400 acres in cultivation this year.

Rains were not heavy enough to damage cotton grades unless they continue and gain in intensity, Moore said.

Cotton Defoliated

"Much cotton is defoliated," he said, "but should be all right unless it stands too long."

Davis told The Herald that top cotton grade was $33.99 per hundred and would fall to $32.29 per hundred if rains caused the grade to fall one notch.

Cotton in the Thorndale area was running later than north Milam cotton production and it was too early for sampling in that area, Moore noted.

Moore rated the maize per acre production a bit less than last year, but total production would be about the same.

Corn harvesting would continue through September while cotton picking heads for its peak in that month.

1,450 Bales In

The county total thus far of 1,450 bales was far ahead of production at the same time in 1958, lowest point in Milam cotton growing history with about 8,000 bales.

Estimates of up to 20,000 bales for the 1959 crop have been made.

Cotton producers have been contacting Texas Employment Commission and Farm Bureau workers for cotton pickers all week. Officials said there was a labor shortage at present due to heavy picking in South Texas.

FISHING CHAMP — Professional Dave Hawk shows how it's done with rod 'n reel before a crowd of fishing enthusiasts at Alcoa Lake. His exhibition last week was a highlight of the annual Alcoa fishing rodeo which produced some six-pound catches. Lake concessionaire W. T. Whatley will present winners with prizes this weekend. A record breaking 650 fishermen entered the week-long contest held at Alcoa Lake, south of Rockdale.

KC's To Expand Bowling Center, Work Up Plans

The Cameron Knights of Columbus voted Friday night to expand the present bowling lanes to eight alleys and enlarge the present building on South Columbus Ave.

Grand Knight Leo Laake told The Herald that members of the Columbus Club met Tuesday night to discuss construction plans and is still working out details.

The expansion program will include addition of four new alleys, automatic pinsetters and enlargement of the present building.

Officials were considering the addition of a metaltype structure along the present tile building.

Major plans are to include air conditioning and special bowling seats for bowlers and spectators.

The proposed interior will be soundproofed and all alleys will be matched in finish and equipment.

Officials estimated that the improvements will almost triple the present capacity of the operation due to the faster action of the automatic pinsetters.

Laake said that Columbus Club officials were determining details of design, contract and construction work.

The present facilities include a four-lane alley erected about 1950. Also in the building is a meeting hall for the Knights of Columbus.

Milano Schools To Open Monday

Milano schools will open Monday with two new teachers and a new superintendent of schools.

James W. Griffin assumed the post of superintendent August 1 and has named two new teachers: Mrs. Corinne Griffin, sixth grade teacher and music instructor for the elementary school; and E. V. Smith, seventh grade teacher and girls basketball coach.

Griffin said that there would be a public hearing on the 1959-60 school budget August 3 at 8 p.m. in a special meeting of the trustees at the school.

Griffin added that 335 to 350 students were expected to enroll in the white and negro schools.

Sharp Schools To Open September 8

Sharp schools will open September 8 with 135 to 140 students expected according to Miss Mary Belle Batte, superintendent.

One new teacher has been added to the faculty, Mrs. Trent Phillips, to teach the fifth and sixth grades.

5,000 Students Set For Back To School

Back to school was the hew and cry around the county this week as about 5,000 county students began registration and the long preparation for classes next week.

Classes were to begin Monday for students at Buckholts and Milano while registration was planned for students at Cameron s O. J. Thomas School.

Cameron's public and parochial students will begin classes Tuesday. Registration schedules are listed in other parts of the paper for all students in North Milam County.

But in South Milam County, Rockdale and Sharp students were to register September 4 before a September 8 opening day for classes.

In Cameron about 1,400 public school students are expected in Tuesday morning classes while about 180 parochial students will attend St. Anthony's Classes in classes one through eight.

Main item on the school agenda in the first week of school will be football opening games.

A complete school report on county schools is available on inside pages.

'Ol' 100 With F M L

I note with chagrin a wire release from Australian sources telling of a 22-voice boys choir, high notes and falling roofs.

It seems the famous Vienna Boys Choir sounded a clear, high cord one night this week and the auditorium roof started falling in.

The group finished their number before leaving the stage, even with the interior roof crumbling about them. Their conductor returned to tell the audience that the concert must end because of falling stones.

Said Conductor Xavier Meyer: "I brought 22 boys to Australia and I must take 22 home to their parents."

100-100-100

There's a parallel in this story for our house, though no stones have yet fallen. Ours has not been a falling roof, but a physical affliction ..... mumps.

For all those brave souls who read this space last week, you will recall that we have visitors at our house.

Should our roof cave in from the sheer joyful prancing of our nephews, it would be no surprise. But the mumps are.

At the risk of being melodramatic, I shall tell our story as follows:

100-100-100

The younger lad had polished off the noon meal and gone to nap. His older brother was out of doors.

He was sleeping soundly that afternoon. Nothing happened until he awoke .... with the mumps.

Noting a slight imflamation, his mother grabbed him up for the doctor's. His aunt grabbed her child and raced off for anti-mump shots. The cat scurried for cover, fearful that a trip to the vet was in the offing.

The older boy got his shots too. And we put the unfortunate younger lad under house arrest. That meant only the family could catch the mumps.

Thus far, no one has been afflicted beyond a slight fever. But we're waiting .... and wishing that the roof had fallen instead.

Casey Moore Talks To Picnic Crowd

A record turnout of 135 fire department guests, members and families heard humorist Casey Moore speak at an annual barbecue Thursday at KC Hall.

He was the main speaker during the big barbecue sponsored by Cameron's volunteer fire department.

His talk included a continueous series of anecdotes that have made his speeches popular across Texas.

Quarterbacks Meet Coaches, Elect Officers

Cameron quarterback club members and their new officers heard a grid report from Coach Jim Speer and his staff Monday night.

New officers elected were: President Dr. S. H. Richardson; vice-president, Joe Humplik; secretary-treasurer, James T. Terry; directors, Charlie Burke, Jim Edwards and W. O. Rinn.

Speer and new assistant coaches Jerry Hopkins and Max Treadwell outlined the Yoeman football lineup and their opposition for the season.

Richardson asked that all new members plan to attend the Quarterback Club meeting Monday for review of the Yoe-Rockdale film of the game of 1958.

Club officers sent out a letter to prospective and former members this week.

The Monday meeting will be held at the YHS Agriculture Building at Yoe Field.

Hopkins will coach backfield while Speer will handle varsity linemen. Treadwell will coach the B-team gridders and scout varsity opponents through the season.

KC Picnic Set For Sunday Here

The Cameron Knights of Columbus will hold their annual fall public picnic Sunday from 4:30 to 8 p.m. at KC Hall.

Following a barbecue and country sausage supper, a dance will begin at 8:30 p.m. with music by the Vrazel Polka Band.

Trustees To View $417,525 Budget

A proposed Cameron school budget of $417,525 will be considered by trustees 7:30 p.m. Tuesday at a public hearing in Ben Milam School.

The proposed outlay compared to a $424,492 receipts budget set for 1958-59. Supt. Wiley Loughmiller listed estimated disbursements for 1958-59 at $428,043.

Based on last year's dist. valuation of $7,956,031, collections in school taxes are 95 plus per cent complete, totaling $115,362.44.

The 1958 district tax rate was $1.45 per $100 compared to $1.50 per $100 in 1957, school tax officials said.

Estimated major receipts in the proposed budget include local maintenance tax, $78,000 compared to $83,796 last year; debt service $35,000 ($36,090 in '58); $140,650 in per capita proportionment ($124,172 in '58); foundation fund, $131,819 ($144,903); and foundation fund transportation $25,272 ($25,272.)

The budget listed major estimated expenditures termed about minimum by Supt Loughmiller.

Major items there are: teachers salaries, $249,695; plant operation, $22,580; pupil transportation, $26,150; serial bonds, $15,000; serial bond interest, $17,775; short term loans, $6,231; plant maintenance, $7,900 including new boiler for Ada Henderson school; administration, $17,836; principals, consultants, librarians and supervisors, $31,902.

School board members invited citizens to attend the public meeting Tuesday night. Last year, only school administrators, board members and press were present.

Yoemen Have Heavy, Experienced Line, And Light Backfield

The Yoemen early in fall training look as if they are going to end up with a heavy, experienced line and a light backfield.

All five seniors who are letterman are positioned up front.

Joe Humplik, Grif Barrett, James Fontaine, Herman Koranek and Ronald Brashear will provide most of the know how and weight of the team.

Heaviest man out is converted fullback Ernie Bayer at 195. Ed Lierman will be back with the size and experience on his side.

Carol Fikes at quarterback has the speed but weighs in at only 150., behind him are Pat Dillon and Jimmy Woodum both at 130.

Bobby Griswold has made an oustanding showing at the end position the last few days and could see quite a bit of action there. Besides these Jimmy Camp and Stanley Kirk are two others who have shown promise.

Bill McQueen, junior, will see action in the backfield along with possible showings of freshman speedster Amos Doskocil.

7-Day Forecast

Here's Weather

Very weak squall lines are moving out of the Gulf of Mexico and across coastal Texas. While the mean sea temperature of the Gulf is 86 degrees and the shower activity weak the higher temperatures over the low lands of the Brazos-San Gabriel valleys tend to lift the thunderheads higher and make showers more intense, though scattered, through central and east Central Texas. Frontal activity is very weak during this period and humid, coastal type weather will prevail.

THURSDAY: Continued high humidity and easterly winds 12-14 mph during the morning and evening with gusts to 20 mph in the afternoon. Low clouds before 8 p.m. dissipating rapidly with sunny and warm conditions and scattered afternoon clouds. Clear in the evening with thunderheads south and east. High 93-95. Low 73-75.

FRIDAY: Little change in temperature and humidity with continued low morning clouds and sunny skies in the afternoon. Light Southeast winds 12-14 mph with heavy clouds and light showers east of the local area. High 93-95. Low 73-75.

SATURDAY: Heavy, low morning clouds dissipating rapidly after sunrise. Sunny skies with a few scattered afternoon clouds, heavy late afternoon, scattered thundershowers dissipating by 7 p.m. Clearing in the early evening. High 94-97. Low 74-76.

SUNDAY: Lowering humidty and rising temperatures, light and variable winds with clear skies and widely scattered cloud buildups. High 96-98 Low 72-74.

MONDAY: Hot and dry with southwest winds 6-8 mph morning and evening rising to 16-18 mph in the mid afternoon. Few widely scattered clouds. High 99-100. Low 74-76.

TUESDAY: Shifting southerly to southeast winds during the afternoon with velocities 15-17 during the day and 8-10 during the evening. Scattered morning clouds, sunny and warm afternoons. High 96-98. Low 73-75.

WEDNESDAY: Rapidly rising humidity with patches of heavy low morning clouds south of the Brazos and through the San Gabriel rising before 10 a.m. with rapidly developing afternoon cloud build-ups and numerous thunder heads south and southeast. Scattered afternoon showers. High 94-96 Low 74-76. Southeast winds 12-16 mph gust to 30 in scattered showers.

THURSDAY: Low morning clouds hot and humid with brisk southeast winds 12-14 mph during the morning and afternoon. Heavy showers moving southeast to northeast and northwest in the late afternoon. Heavy showers and scattered thunderstorms in the afternoon with isolated wind gusts to 40 mph. High 92-94. Low 70-73. Clearing in the mid evening.)

Hey, Kids, There's A Free Show Today

Cameron merchants and the Cameron Chamber of Commerce are sponsoring morning and afternoon free shows at the downtown Milam Theatre today.

It is free to all school students, according to Chamber Manager Richard Moseley.

Tickets are available at participating merchants in Cameron.

Milam Theatre is also featuring a special offer on The Herald's classified page.

The kids will group at the Courthouse Square and go to the theatre from there Moseley said.

The promotion is part of Cameron's back-to-school program.

Little Leaguers Plan 1st Picnic

Team members, their parents and managers of Cameron Little League will hold a picnic at City Park, Fourth and Milam 7 p.m. today.

The group will hold the picnic at Simon-George Hall if it rains, officials said.

Milam Queen Set For District Test In Field Of 7

District VIII Farm Bureau Queen for 1959 will be selected at the Hawn Hotel in Temple 8 p.m. Saturday, according to information received by O. G. Tumlinson, county president.

Seven candidates appear on the Queen's Contest program. Contestants are: Judy Tritter, Limestone County; Daisy Nell Schmidt, Bell County; Patricia Fife, McLennan County; Darlene Moore, Milam County; Paula Rawls, Bosque County; Paulette Danke, Falls County and Joyce Faykus, Williamson County.

The Queen's Recognition Program will begin with the appearance of the contestants on the noon Clark Bolt RFD Program Friday, August 28th.

Rehearsal will be held at the Hawn Hotel at 3:30 p.m. August 29 and a luncheon for the queens, their mothers and the District Queen's Committee will be held at 5:00 p.m. following the rehearsal.

The committee responsible for the district program are: Mrs. Joseph Koonsen, Chairman, Bell County; Oscar Grissman, Bell County; R. W. Rhoades, Williamson County; Mrs. Gus Guenther, Williamson County; Mrs. R. H. Brookshire, Williamson County; Mrs. John R. McNamara, McLennan County; Mrs. Euelle D. Johnsin, McLennan County; Mrs. Bernice M. Charles, Milam County and Charles Herring, Falls County.

Johnny Watkins, Farm Director of KWTX TV in Waco will be master of ceremonies.

T. E. Angell To Work As Labor Director

Thomas Earl Angell has been hired by the Texas Employment Commission again this year for work during the Cotton Harvest Season in Cameron.

Angell will be on duty each day of the week from now until the end of the harvest season.

He may be contacted in person at the Labor Camp, around the Court House Square, at his home at 1702 North Houston, or by calling him on the telephone at Number 707.

Mr. and Mrs. J. A. Clarke and children Sharron and Tommy of Williford, Ark. are visiting her parents, Mr. and Mrs. O. T. Canady. covery.

Mr. and Mrs. Walter Senkel spent the week end with their daughter, Mr. and Mrs. Curtis Phipps of Austin.

Bubba Westerman of Houston is visiting his cousin, Craig White.

Mr. and Mrs. Clay Phipps of Austin are spending a few days at their home here.

Mr. and Mrs. W. B. Burnett attended a birthday party honoring their grandaughter, Carolyn Burnett of Ben Arnold.

Mrs. R. K. Fontaine and daughter, Karan visited her sister and family, Mr. and Mrs. Henry Garrett of Bryan.

Recent guests of Mr. and Mrs. O. T. Canady were their son Mr. and Mrs. L. C. Canady and children Bobbie and Donald of Galena Park and son, Wayne Canady of Ellington Field and Mrs. J. F. Wilburn of Palestine.

Mr. and Mrs. Carlton Crook and and Mr. and Mrs. Douglas Crook visited Mr. and Mrs. Wayland Atkinson of Port Arthur.

Mrs. Lorance Story and Mrs. Eunice Blasner of Calvert visited Mrs. W. B. Burnett Thursday evening.

Rev. Roland Hill, a student of Seminay, was guest speaker at Little River Sunday and was dinner guest of Mr. and Mrs. T. B. Stidham.

Miss Myrna Gail Jackson of Irving visited friends in Cameron recently.

Nine Troops Enter Scout Swim Meet

Dr. S. H. Richardson, chairman of the Health and Safety Committee reported the Scout Swim meet a success with nine troops taking part.

Approximately 100 parents and friends cheered their troops in the events.

The events were won by the following Cameron boys: BREATH HOLDING James Pavelik, Cameron, FOOT RACE, Jerry Heitman, Cameron; DIVING, Dickie Ponder and Merlin Lester.

The judges were Dr. J. M. Brown, Rev. Chad Murray, Dr. B. E. Lattimer of Marlin, Ed Schiller Jr. and Bill Wallace of Cameron.

Troop 53 of Presbyterian Church of Milan was first place. Troop 89 Christian Church, Rockdale, second place and Troop 60 Episcopal Church of Rockdale third. Troop 191 Episcopal Church, Cameron came in fourth place, only 9 points behind the last winners.

The following Cameron Scouts received participation ribbons for entering the meet.

Troop 52 Cameron, Felix Matula Jr., Scoutmaster, James Hollas, assistant, James Pavelek, John Duffy, Ronald Litzman, Dan Zalesky, Mike Mikula, Gary Litzman, Bobby Schiller, Lewis Abel, Larry Schiller, Don Abel and Robert Moraw.

Troop 191 Cameron, Richard Moseley Scoutmaster, Jerry Heitman, Glenn Hughes, Craig Wallace, Dickie Ponder, Richard Moseley, Larry Wright, Merlin Lester, Rocky Roberts and Eugene Wallace.

After the swim meet Wayne Graves of Marlin treated the Scouts and their parents to a watermelon feast.

TEXAS CHAMPIONS OF FREEDOM

CAPTAIN JOHN YORK

Gallant Pioneer and Defender of His People

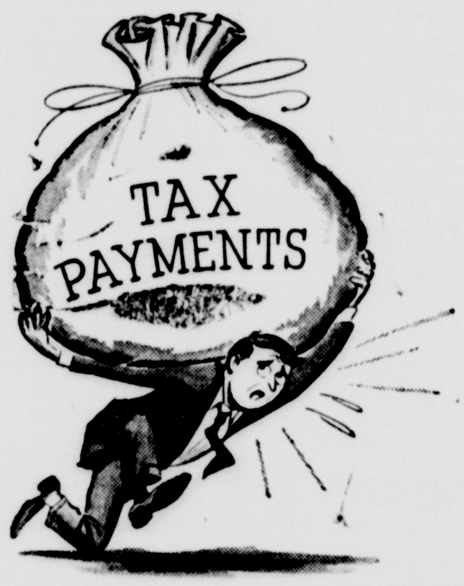
Among the many "tall Texans" who lived too courageously ever to be forgotten, and too quietly to make the headlines of history, the name of Captain John York stands out. In 1829 John York came to Texas with his family, settling near San Felipe de Austin, at the future site of Industry, in what is now Austin County.

First, there was Indian fighting to be done. Then, there was Texas independence to be won. John York led a company of his neighbors, volunteers, to San Antonio where he joined Ben Milam in the historic seige of Bexar. Home again, he was given a half-interest in a league of land in the new Republic of Texas which he had helped to create. Later he was to do more for the new State of Texas. In 1848, for a sale price of just $1 cash, his land became the site of Yorktown, in the newly formed county of DeWitt.

But Captain John had only a few weeks in which to watch the settlers and their families coming in to build his town, and his dream of the new Texas. Marauding Indians soon threatened little Yorktown, and the Captain's leadership was needed again. He didn't return from the first retaliatory expedition. Captain York was killed on October 11, 1848 — a champion of freedom to the last.

Today Texans still demand and get their right to choose the way they want to live. In this vigorous and freedom-minded homeland . . "Beer Belongs" and this is why the United States Brewers Foundation works constantly, in conjunction with brewers, wholesalers and retailers, to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of Texans, the Foundation stresses close co-operation with the Armed Forces, law enforcement and governing officials in its continuing Self-Regulation program.

Texas Division, United States Brewers Foundation,
206 VFW Building, Austin, Texas



Are Tax Collections "Breaking Your Back"?

Texans alone have been taxed more than $235 million to help pay for the multi-billion-dollar federal "public power" program. About $5½ billion from you and other taxpayers around the nation have already gone into federal electric power systems.

If the pressure groups for federal "public power" have their way about putting the federal government further into the electric business under present proposals, unneeded spending will soar another $10 billion . . . bringing the total to some $15½ billion. The cost to Texans will be almost *tripled.*

The $235 million that Texas taxpayers have already been required to pay toward this government spending would contribute measurably today toward helping to solve the financial problems facing our State.

The independent, business-managed, investor-owned, electric light and power companies are able and ready to provide all the low-priced electricity people will need. Instead of depending on your tax dollars for support, they pay in taxes nearly one fourth of each dollar received.

TP&L and other electric power companies have doubled the supply of electricity in the past 10 years, and present plans call for doubling the supply again in the next 10 years.

TEXAS POWER & LIGHT COMPANY

U.S. OIL

Indispensable in our way of life... vital to our national defense

In the 100 years since the drilling of the first oil well in the United States, the usefulness of petroleum has been often demonstrated in many ways . . . It is an economical and efficient source of energy and a raw resource convertible through petrochemistry into innumerable useful materials. . . . It is indispensable in our way of life, and vital to the national defense.

It is comforting to know that today's reserves are ample for today's needs. And if incentives to undergo the heavy risks involved are continued, there is no doubt that more oil will be discovered and produced to replace the oil we use . . .

The United States has found, produced, refined, and used more oil than any other nation. This has made petroleum products a feature of the abundant American life. Americans use more petroleum products than any other people on the globe.

The past is prologue to the future. During its second century, oil can serve you and your grandchildren, and the nation, as well or better than ever before.

1859 1959 OIL'S FIRST CENTURY -BORN IN FREEDOM WORKING FOR PROGRESS

The Humble Company, incorporated in 1917, has participated in the development of new and better ways to find and produce oil, and in the research that has improved petroleum products and discovered countless new uses for oil and natural gas. Humble is a major producer of U. S. oil, with production extending all across the southern tier of states from Florida to California. Marketing operations are carried on in Texas, New Mexico and Arizona. Humble's Baytown refinery, near Houston, is one of the great refineries of the world. (Humble Pipe Line Company, a major transporter of crude oil and finished products, operates more than 9000 miles of pipe lines in Texas.)

HUMBLE OIL & REFINING CO.

J. E. Yorks Celebrate Golden Wedding In Rosebud Sunday

Mr. and Mrs. J. E. York celebrated their golden wedding anniversary August 9 at the D. Brown Library in Rosebud.

The Yorks were married August 8, 1909 at the South Elm Church. Mrs. York before her marriage was Miss Birdie Hairgrove.

Miss Patricia York registered the guests and Mrs. J. R. Whitley presided at the gift table. Miss Bettie Finch, a florist from Wichita Falls, had charge of the floral arrangements.

Assisting in the serving of refreshments were Mrs. Mable Guest and Mrs. W. E. York.

Out-of-town guests were their daughter, Mr. and Mrs. J. D. Connell and son, David, Houston; a son, Mr. and Mrs. W. E. York and children, Travis; and Mr. and Mrs. J. R. Whitley and girls, Corsicana; Mrs. Ed Young, Waco; Miss Bettie Finch, Wichita Falls; Mrs. Neddie Bronson, Mrs. Mae Howe, Spur; Mrs. Leila Moore, Santa Anna, and Mr. and Mrs. Venson Bilvery and Royace, Spur.

MR. and MRS. J. E. YORK

INTRODUCING

Mr. and Mrs. Henry E. Skala of Temple announce the arrival of a son Ronnie Glen, born August 22. He weighed 7 lbs., 9 ounces.

Grandparents are Mr. and Mrs. Frank Skala of Route 3, Rosebud and Mr. and Mrs. T. J. Meier of Oenaville.

Cox, Marching 100 Set For 1959 Football Season

Francis Cox will start his 28th year as director of the Yoe High School Band when school begins September 1.

Cox, who has been holding practice sessions during the latter part of the summer, will again lead lead the Yoe High School band on the football field this year as the 100 marching members will present a variety of halftime entertainment.

Cox said that the band will be working on precision drill more this year than in the past along with regular band formations.

Halftime announcing will be presented by Milton Schiller, replacing Jimmy Ahser who handled the job the past several years.

The following is a complete roster of the Yoe High marching band.

Drum Major: Ronald Plentl.

Twirlers: Mary Alice Duncum, Ann Allison, Dolores Zalesky, and Kay Pernice.

Flag bearers : Betty Butler and one to be selected.

Band Sweetheart, band mascot: to be selected in near future.

Piccolos and flutes: Jackie Dusek, Darlene Moore, Vera Perrin, Connie Gerick, Patti Hightower, Sandra Baskin, Carol Ann Wilson, and Dianne Pearson.

Clarinets: Margaret Young, Rebecca Terry, Becky Foster, Lanette Laffere, Joyce Terry, Peggy Moseley, Patricia Janke, Pat Matula, Mary Kestenbaum, Sally Alfaro, Patricia Nesbit, Carol Ann Crook, Jon Zeliskp, Rose Mary Matula, Sharon Vick, Carolyn Brashear, Saundra Fuller, Doris Trdy, Mary Beth Nance, Pam Green, Nelda Parker, and Elizabeth Hrozek.

Alto Clarinets: Shirley Baker, Gloria Layne.

Bass clarinets: LaNelle Russell, Jolene Wied, Catherine Mikula.

Saxophones: Peggy Schiller, Carolyn Griswold and Gerry Zotz.

Cornets Judy Sutter, Joyce Smally, Dale Smith, Charles McGregor, Dianne DuBois, Jane Monroe, Karen Adams, Jean Lester, Joyce Fuchs, Betty Kestenbaum, Suzanne Lippman, Linda Ethridge, Patricia Raymond, Joy Shuffield, Ann Ripkowski, Betty Jo Brashear, Suzanne Edmonds, and Kay Bridges.

French Horns: Sandra Smith, Teena Jane White, Jimmy Mc Gregor, Margie Conley, Viva Haney, and Barbara Woodum.

Baritones: Marilyn Hughes, Robert Woodum, Martha Mayer, Rebecca Harden.

Trombones: Ina Hays, Sharon Laywell, James Rackley, Margaret Nance, Linda Schiller, Frances Jackson, Annette Russell, Linda Miller.

BASSES: Stanley Fisher, Lonnie Baker, Mervyn Johnson, Eugene Mees, and Lee Bert Robinson.

Drums: Peggy Mullinax, Joyce Hannon, Helen Reid, Virginia Reichert, Marcia Schiller, Patsy Ttisworth, Larry Schiller, Patricia Bowley and Linda Ward.

Glockenspiels: Daisy Henderson and Mary Edna Bowley.

Mrs. L. H. A. Fuchs Dies Suddenly, Rites Held In Buckholts

Mrs. L. H. A. Fuchs died Wednesday enroute to a Temple Hospital. Funeral services were held at 4 p.m. Thursday from the Hope Lutheran Church, Buckholts.

Rev. John Pietsch officiated and burial was in Buckholts Cemetery.

Mrs. Fuchs had lived in Buckholts for many years.

Survivors include her husband, L. H. A. Fuchs, Buckholts; one son, Lorenz Fuchs Jr., Buckholts; one daughter, Mrs. H. T. Hansen of Big Springs, one grandson; six brothers, Ernest Fischer, Buckholts; Willie Fischer, Roscoe; Adolph Fischer, Rogers; Edwin Fischer, Buckholts; Walter Fischer, Temple; and Alvin Fischer, Coleman.

Green's Funeral Home was in charge of arrangements.

Mrs. W. E. Johnson Dies From Burns, Burial Tuesday

Funeral services were held at 4 p.m. Tuesday for Mrs. Waldo E. Johnson, 64, from the Church of Christ. Mr. Don Frasier officiated and burial was in Oak Hill Cemetery.

Mrs. Johnson, operator of a mattress factory, died as the result of burns suffered in a fire at the mattress factory several days ago. A member of the Church of Christ, she had made her home in Cameron for the past 34 years. She was born at Mountain View, Ark., March 3, 1895.

Survivors include one brother, Heber R. Rosson, Bartlett; two sisters, Mrs. J. L. Wilkerson, Denton; Mrs. Oscar Kizer, Woodland, Calif., two nieces, Miss Ileen Sides, Bartlett; Mrs. A. E. Taylor Jr., Denton; two nephews, George E. Sides, Longview; Charlie M. Sides, New Braunfels.

Marek-Burns Funeral Home was in charge of arrangements.

Burlington:

Baptist Preacher Resigns

By Mrs. George Logan

Rev. Robert Bayles resigned as pastor of the Baptist Church here effective September 1.

Dove Season Set For Tuesday Start

AUSTIN—Season opens for North Texas dove hunters Tuesday with perhaps one of the best crops in years, according to the assistant secretary of the Game and Fish Commission.

The new 1959-60 hunting and fishing licenses will go on sale after August 20, according to the announcement. They will be effective Sept. 1 and all persons who hunt outside their own counties are required to have a new license. Fishing licenses also expire Aug. 31, and a new license is necessary for fishing outside the home county, or with any kind of winding device.

Persons over 65 years of age are not required to have a license. Exemption cards are available at the regional offices or by writing to the Game and Fish Commission in Austin. Such cards are issued as a courtesy and are not required.

A map showing the Texas counties and their open seasons has been prepared by the Commission. A study of it will tell you where it is legal to hunt in both the North and South zone counties.

The season is open Sept. 1 through Oct. 20 in the North Zone, and Oct. 1 through Nov. 19 in the South Zone. There is an exception in the Lower Valley counties where mourning doves may be shot at the same time as white-winged doves. In that area the season will close three days earlier.

The whitewing season is for the alternate days of Sept. 11-13-15, from 2 p.m. until sunset.

Letters . . .

The following leter from Supt. Wiley Loughmiller is addressed to Cameron Public School patrons.

August 25, 1959

Dear Parents:

This is the time of year everybody in the family is thinking about getting ready for school. We feel sure that you are hoping that your child will like his teacher, will make good grades and enjoy school more than ever before.

We are wishing and working for the same thing. Everyone in our school system is planning on making this the best year ever.

We believe that more than ever before parents realize the importanc of good schools. Parents throughout the state last year gave more of their time and money to schools than ever before in the past.

We would like to emphasize again how much the School Board, faculty and administration appreciate your cooperation. The most effective way of cooperation is through periodic conferences and visitations with your child's teacher. We hope you take advantage of this invitation to visit the school and talk with the teachers.

Your cooperation in this regard will contribute more than anything else toward making this a good school year.

Sincerely yours,

Wiley W. Loughmiller

Superintendent

State Sets Forth New Trespass Law For Outdoorsmen

AUSTIN—A new tespass law will be effective in Texas October 14, it has been announced by the assistant secretary of the Game and Fish Commission. The law, covered in HB 36, will become effective without the signature of the govenor.

It provides penalties of up to 30 days in jail and a $500 fine and forfeiture of hunting or fishing licenses for a period of three years, upon conviction.

The law makes it illegal for any person to hunt, fish or camp on the enclosed property of another person without the consent of the owner or other person in authe wner or other person in authrity.

The new law is enforceable by any peace officer and arrests may be made without a warrant.

"The trespass problem is a major one in the protection of wildlife," the secretary said. "Persons who climb fences to illegally hunt on the property of others don't usually regard either the season or the bag limit. As a result, pro-

INTRODUCING

Mr. and Mrs. Albert C. Shuemate of Kenosho, Wisconsin announce the arrival of a daughter, Tammy Lynn, born August 20. She weighed 7 pounds and 14 ounces.

Grandparents are Mrs. E. W. Anders, Kenosho and Mrs. Curtis Gill, Cameron.

IOOF COLTS — This group of youngsters and their IOOF boosters held a team party last week following completion of the Babe Ruth season here. Front row, from left are: Dan Brashear, Mike Mikula, Jimmy Woodum, Dennis Jones, Carroll Kennon and Larry Wright. Middle row, from left: Coach Richard Wilkinson, Edmond Michalka, Gregg Wallace, Charles Staley, Eugene Taylor, John A. Smith and Coach Buck Wilkinson. Back row, from left are: Vice Grand C. F. Swift, Noble Grand Rip Woods and Dist. Deputy Grand Master Albert Edmonds.

Milam Countians Are Urged To Take Polio Shots

Incidents of Polio have increased throughout the United States, this summer and local doctors are urging Milam countians, infants, small children, teen-agers and adults to take advantage of the protection that Polio shots offer.

Medical authorities stated that Polio shots are given beginning at age 3 months. A series of three shots, the first 2 a month apart and the third six months later, is necessary for basic immunization. Most local doctors are also recommending a fourth boaster stot to be taken one year following the basic series.

Last year Milam County had one Polio case. The 8 year old victim was the only member of his family who had not received Polio shots. The Milam County Health Unit reported this week that he was recuperating but had a slight limp.

County physicians also pointed out that although there is a shortage in Polio vaccine in some sections of the United States, including areas in Texas, Milam County, had an adequet supply at present.

Rockdale Schools To Start Sept. 8

Rockdale schools will be the last Milam system to begin classes when they open their doors for registration September 4 and classes September 8.

Supt. J. M. Moorman estimates a total of about 1,475 students in the white schools and Aycock colored school with 1,150 in the white elementary, junior and seniors classes.

Five new teachers will be included in a staff of 65 classroom teachers, coaches and administrative workers, Moorman said.

New teachers are: J. C. Sowell, science and math; Mrs. J. C. Sowell, English and Spanish; Leroy Lorenz, shop instructor; Miss Carol Krause, home economics; and Hartwell Brown, Aycock science and math.

Mrs. Joyce Bayless will serve as counselor.

Outdoors In Texas:

Don't Waste Wildlife Meat

By Vern Sanford

Catching fish or killing wild game is important to quite a few only for the deed of doing.

I sometimes worry about the tragic waste of meat. Some of it is through pure carelessness. Others don't know how to keep it. Some just don't care.

Somehow I can't quite appreciate or understand the catching of many fine fish, or for that matter, shooting of wild game, and not making use of it.

You wouldn't believe it unless you saw it, but many tons of fish are left to spoil along the coast of Texas just because the men who catch them don't want them. Of course, not all the fish caught are edible. But many pounds of ling, king, redfish, and even trout are allowed to go to waste.

An outstanding example of waste is to be found during fishing tournaments. When a fisherman goes out just for points, he brings the fish in to the weighing place. Then, in many cases, when he takes them off the scales they are left on the dock in the hot sun until they have spoiled.

At one tournament two years ago on the Texas coast, king mackerel were piled like cordwood on the dock and left there for 22 hours. Then the stench became so bad the city dump truck had to move them away.

Not everyone likes to eat kings. Enough do, however, that some arrangements should be made to care for these fish.

Many bass fishermen are almost as bad. Stand around any fishing dock in the late evening when the bass are hitting good and you'll see what I mean. Many fishermen just walk off and leave their strings of fish.

In the case of bass usually there is someone around who will take them. Fewer fresh water fish spoil than salt water fish.

Some people have never learned to take care of their fish. I know one fellow who does. When he goes out in a boat, he takes along an ice chest. When he catches a keeper bass, he immediately cleans it and tosses it into the ice box. When he has all the fish he wants, he heads for home.

At most of the docks there are convenient places for cleaning fish. Most fishermen know how to fillet a fish. Also how to care for them. They clean, fillet, place them in a plastic bag, put ice around them, and take them home.

Others just gut their fish, douse them into the water a time or two, toss them in the bottom of the boat and trail them back home. Or they put them in the ice box, head and all. This means when they get home they must finish cleaning the fish.

That's a habit easy to get into when you dock your boat after a tired day of fishing. On the other hand, if you want to enjoy your fish after they've been caught, it is worth it to clean 'em thoroughly while you're at it.

I like the idea of cleaning fish just as soon as the trip is finished. You can do this best either while you are in the boat, or at the cleaning table where you dock.

It's always a good idea to take along a plastic bag or two. By putting your fish in these bags, they will not become water-logged when the ice in your cooler melts down.

When you clean the fish or game thoroughly in the field, they are ready for the deep freeze or cooking when you get home. Fish that are properly cleaned take very little room in the ice chest. They also require a minimum of ice to keep them in top condition.

Properly iced down, fish will keep for several days. On the other hand, if you have the opprotunity to freeze them, which you should do if you have a long distance to travel, then you should pack them in dry ice.

Dry ice can be bought in almost any town, especially around a fishing area. Usually a half-dollar's worth of dry ice will get your forzen game home in good condition. When you buy it, be sure not to handle it with your bare hands. It will burn you dangerously. Wrap it in an old newspaper and place it over the frozen fish. Then fasten down the chest lid tightly. Dry ice will last indefinitely.

This also is a good way to bring back frozen shrimp when you go to the coast.

Remember, though, don't thaw frozen fish or shrimp and then refreeze. After either is cooked, however, it can be frozen safely. So if you bring home package of frozen shrimp, you can boil them and then freeze them again after they have been processed.

CYO Has Recent Hayride, Dance

Cameron C. Y. O. members recently enjoyed a hayride and dance, one of the many activities held this summer.

After the hayride, refreshments of ice cream and punch were served to fifty-five guests.

Special guests included Rev. John Geiser, Rev. Alfred Kallus, and Mr. and Mrs. Oscar Zotz, club adult leaders.

Following the hayride, members enjoyed dancing to records.

The C. Y. O. welcomed three new members and two out-of-town guests.

Cameron's BUSINESS REVIEW

Story Of Cameron Business Leadership

Milam Grain Co. Has Capacity Of 375,000 Lbs. Per Hour

Milam Grain Co., 201 Cedar St., has recently opened for the 1959 maize season.

Manager C. O. Angell says that Milam Grain Co., now entering its third year of operation has an unloading capacity of 375,000 pounds an hour.

"This means that there is much quicker unloading when farmers bring in their grain for storage," Angell says.

The increased size is possible through enlargement of unloading facilities used in 1957 from 75,000 pounds per hour capacity to 150,000 pounds per hour, he points out.

375,000 Pounds An Hour

Combined unloading facilities of the Milam Grain Co. is able to handle 375,000 pounds an hour compared to 75,000 pounds an hour in 1957.

Additional storage space also is available after expansion work in the storage buildings to hold 200 cars of maize.

"We have additional storage facilities elsewhere when the maize harvest starts," the Milam Grain Company manager notes.

"We believe these facilities at Milam Grain Co., make our operation the best storage market in the area," he continues.

Officers of Milam Grain Co. are Perry Holder, president; Angell, vice-president; Robert M. Clark, secretary-treasurer.

Old Batte Mill

The Milam Grain Co. buildings were once the old Batte Oil Mill which was re-opened for grain storage in 1957.

On Any Occasion:

Say It With Flowers By GLASS

After 27 years in the wholsesale and retail business, there is little doubt that "when you say it with flowers in Cameron and Rosebud, Glass the Florist says it best." In fact two generations of Glass, the Florists, make floral service and selection a pleasure and delight regardless of the occasion.

Co-owners Mr. and Mrs. Lester Glass and son, Donald Glass, present an array of flowers for that special occasion that makes a remembrance from Glass, the Florist something really special.

Donald Glass points out that potted plants, sprays, corsages, bouquets, cut flowers and any other floral requirement are available in a spectrum of selections.

Greenhouse Fresh

He emphasizes that flowers by Glass are greenhouse fresh to their customers. Glass, the Florist grows most of their flowers in their own local greenhouses.

Freshly picked, the flowers are beautifully arranged by the skilled floral decorators at Glass the Florist. And they are delivered in fast efficient manner by one of five trucks working in Cameron and a truck in Rosebud, he points out.

"We consider the floral occasion in recommending types of flowers and their arrangements to our customers. We strive for the personal touch that flowers convey when they are given as a gift or special remembrance."

Glass's floral arrangements for funerals are done with dignity and grace befitting the need, Glass says. And equal care is devoted to flower and scenic arrangements for weddings and parties.

Robinson Texaco Offers Complete Automobile Care

Since going into the service station business in 1930, W. A. L. Robinson has offered a complete auto service that rates his company's motto, "everything for the car."

And that is what Robinson offers today for motorists who are served by his competent staff of four at his Texaco Service Station, 115 N. Fannin, Cameron.

A dealer in many name-brand auto accessories and equipment, Robinson prides himself in offering the public personalized pickup and delivery service as an added feature of his well-known road service.

Chief among his many name-brand auto services is the sale of B. F. Goodrich tires and batteries for every make of car, tractor, or truck. He points out he stocks a complete line of vehicle tires and tubes for anything from a wheelbarrow to road machinery.

"Our name-brand sales include Dupont plastic car accessories, Fram filters, AC ignition products and a host of other popular brand auto items," Robinson says.

"And our auto road service is complete including lube, wash, battery charging, wheel packing and all other extras to make our road service second to none," he emphasizes.

The Cameron Herald

Mr. and Mrs. Carl Weems of Cameron announce the engagement and approaching marriage of their daughter, Nelda June to Johnny Wayne Stevens, son of Mr. and Mrs. Cecil Stevens, also of Cameron. The wedding will be an event of August 28 at the home of the bride-elect's parents.

Mrs. Dwayne Jekel Honored At Shower Sunday Afternoon

Mrs. Dwayne Jekel, the former Miss Ina Mae Yates, was honored with a miscellaneous shower Sunday afternoon at the home of Mrs. Will Jekel.

Mrs. Leo Baurer was co-hostess.

The dining table, covered with a blue lace cloth was centered with a pink basket and pink carnations, entwined with matching bells.

The living room was decorated with ivy and coleous.

Miss Marie Spicak registered the guests and Mrs. Edd Jekel and Miss Frances Novotny assisted in the serving of cake, punch and sandwiches.

Vogelsangs Host Rehearsal Dinner

Miss Betsy Vogelsang and Wesley Duncan, who were married Saturday night and members of their wedding party were feted at a rehearsal dinner Friday night at the home of her parents, Mr. and Mrs. F. W. Vogelsang.

Tables for four, covered with white cloths, were placed throughout the front yard. The main table was covered with a linen cloth and centered with an arrangment of caladiums.

A menu of barbecued chicken, beans, potato salad, iced tea, peach cobbler and cake squares were served to the guests.

Bridal Shower Fetes Betsy Vogelsang At E. J. Burkes Home

Misses Wilma Baldridge and Mary Ellen Richter entertained a group in the home of Mrs. E. J. Burkes with a miscellaneous shower honoring Miss Betsy Vogelsang, bride-elect of Wesley Duncan of Marshall.

Guests were greeted by the hostesses and seated in the yard which was decorated with its flowers and lights. A white bowl held an arrangement of plumbago featuring blue and white the bride's chosen colors.

Games and contests were enjoyed. The bride followed a string that led her to the beautifully decorated table holding the gifts.

A sandwich plate and punch was served by Mrs. Henry Richter and Mrs. O. L. Baldridge, mothers of the hostesses. Plate favors were small silver bells tied with blue and white ribbons and beraing the notation "Betsy - Wesley, August 22, 1959.

Miss Vogelsang Feted At Party

Mrs. Frances Wise and Miss Mary Jane Vogelsang honored their sister, Miss Betsy Vogelsang, bride elect of Wesley Duncan, with a party August 8 at the home of their parents, Mr. and Mrs. F. W. Vogelsang.

The dining table, covered with a blue and white cutwork cloth, was centered with an arrangement of ivy. A blue satin ribbon inscribed in silver lettering "Betsy and Wesley, August 22" furnished an attractive background.

Several games were conducted by Mrs. Wise. The climax of the evening was a surprise tape-recording of the party which was played back to the guests.

Refreshments of blue and white cake squares, Dr. Peppers decorated with blue ribbons and straws, and mints were served to the guests. Souvenirs were little blue net pillows filled with rice.

Out of town guests were Mrs. Marion Wright and Miss Kathryn Svetlik, cousins of the honoree, from Buckholts.

Gift Tea Honors Miss Linda Schultz

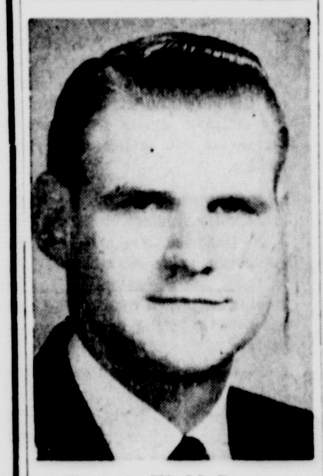
Miss Linda Schultz, bride-elect of Bobby Hugh Powell, was honored with a gift tea at the home of Mrs. W. W. Powell in Cameron, Friday evening.

Guests were greeted at the door by Mrs. Powell and registered by Misses Judith Nicholson and Carla Laird.

The serving table, covered with a white linen cloth held the punch bowl and angel food cake, nuts and mints. Assisting in the serving were Misses Jo An Odom and Ruth Ann Whittington.

Others in the houseparty were Mesdames Elma Odom, J. H. Glass J. C. Canthen, A. R. Laird, R. C. Shelley and W. M. Nicholson.

The honoree was presented her gifts by Miss Deborah Shelley of Waco.



Rev. A. W. McGregor

Revival Begins For Marlow Baptists

Revival services begin at the Marlow Baptist Church, September 2 and run through the 6th at 8 p.m. A. W. McGregor, Evangelist, will be the pastor and Stanley Lohse will be song leader.

Rev. McGregor attended Baylor University and is a graduate from the University of Corpus Christi with a major in Bible and a double minor in Spanish and English.

He has served as pastor of the two Corpus Christi churches and was formerly pastor of the First Baptist Church of Blessing, Texas Rev. McGregor, pastor of the Marlow Baptist Church, has spoken in 25 revivals during the past 4 years and at 15 Sweetheart and Senior banquets.

MRS. WESLEY ELBERT DUNCAN

Vogelsang, Duncan Vows Read Saturday

Miss Betsy Ann Vogelsang became the bride of Mr. Wesley Elbert Duncan Saturday evening in a candlelight ceremony at the First Presbyterian Church, Cameron.

The bride is the daughter of Mr. and Mrs. F. W. Vogelsang of Cameron and the groom is the son of Mr. and Mrs. W. C. Duncan of Marshall.

The Rev. D. C. James performed the double ring ceremony before an altar decorated with baskets of white gladiolius and greenery in the center with a candleabra on either side.

Mr. Bill Duncan, brother of the groom from Dallas, organist, furnished traditional wedding music. Miss Edith Baldridge of Dayton, soloist sang "Because" and "The Lord's Prayer".

Bride Wears Organdy

The bride, given in marriage by her father, wore a chapel length gown of white imported organdy over tafferta offset with a deep ruffle complimenting the skirt, she designed and made. The semi-portrait necklined bodice had a gathered inset piece, trimmed with lace; that extended to a soft "V" at the waist. The butterfly sleeves were gathered to the shoulder and trimmed with tiny covered buttons. Her only jewelry was a single strand of pearls, a gift of the groom. She carried out the tradition of something old, something new and something blue.

Her fingertip veil of French illusion was attached to a pearl-sprinkled half hat.

The bride carried a white Bible topped with her bridal bouquet of white carnations and lily of the valley centered with an orchid.

Attendants

Mrs. Byron Wise, sister of the bride from Burleson, served as matron of honor. Bridesmaids were Misses Mary Jane Vogelsang sister of the bride from Cameron, and Jon Ann Duncan, sister of the groom from Marshall.

They wore street length dresses of ice blue cotton satin, featuring full skirts with puffed sleeves and a bow accenting the waist. They wore a matching blue bow head piece and shoes dyed to match. They carried bouquets of single white mums.

Mr. James Duncan of Texarkana served as his brothers best man. Groomsmen were Mr. Byron Wise of Burleson and Ken Durham of Waco. Ushers were William Iven Vogelsang, Cameron; and Jimmy Bartlett of Rockdale.

Candlelighters were Ernest Vogelsang and James Vogelsang, brother of the bride from Cameron.

Reception

A reception was held immediately following the ceremony in the Fellowship Hall of the church.

Mrs. P. L. Bergum, aunt of the bride, had charge of the reception and was assisted by Mrs. B. F. Robinson.

The bride's table was covered with a white satin cloth made by the bride's grandmother, Mrs. Vogelsang, and centered with a large silver wedding band, entwined with the bride's bouquet. The four-tiered wedding cake,topped with three blue satin covered wedding bells attached to a pearl lined-satin covered heart pedistal was served by Miss Mary Ellen Richter, Cameron. Miss Marcia Wieting of Waco presided at the crystal punch service.

Miss Wilma Baldridge of Cameron registered the guests.

Others In Houseparty

Others in the houseparty were Misses Kathryn Svetlik, Buckholts; Peggy Vogelsang and Karen Daneiser, both of Waco.

The mother of the bride wore a black silk shantung dress with black accessories and a white carnation corsage, while the mother of the groom wore a navy lace dress with matching accessories and a white carnation corsage.

Mrs. Leona White Honors Miss Kelly With Recent Party

Autumn flowers in shades of yellow, orange and brown decorated the home of Mrs. Leona White when she honored Miss Dorothy Kelly, bride elect of Brann Allison from Buckholts with a party.

Games of hearts and contest were enjoyed. Fourteen guests registered in the bride's book.

Mrs. White was assisted in serving by Mrs. E. J. Burkes and Miss Mary Alice Porter.

The hostess' gift to the bride was a water glass in her chosen pattern.

Chicken salad, crackers, potato chips, tiny spice muffins and iced teas was served.

Linda Schultz To Marry Bobby Powell

Mr. and Mrs. E. W. Schultz of Austin announce the engagement and approaching marriage of their daughter, Linda, to Bobby Hugh Powell, son of Mr. and Mrs. Hugh Powell of Cameron.

The wedding will be an event of August 29th at 8 p.m. at the Harris Memorial Baptist Church, 601 E. Sixteenth Street, Austin.

Mr. Powell is employed with Southern Pacific Railroad in Austin.

WSCS Sponsors 42 Party

The WSCS of Maysfield will entertain the community with a flower fund 42 party Monday at 7:30 p.m. in the recreation hall. The public is invited.

—PM—

Miss Jeannie Alley of Mountain Home, Arkansas, has returned home after a visit in the E. J. Burkes home.

The bride is a graduate of Yoe High School and Baylor University and was a member of Beta-Beta Beta, a national honorary biological society. She plans to attend the University of Arizona this fall.

The groom, a graduate of Marshall High School and Texarkana Junior College, will attend the University of Arizona this fall where he is a member of the Wildcat football team.

The couple plans to make their home at 1423 East 1s tSt., Tucson, Ariona.

MRS. BILLY ROSS THOMPSON

Evelyn Eisfeldt, B. Thompson Married

Baskets of white gladiolius decorated the Battetown Baptist Church recently for the marriage of Miss Evelyn Eisfeldt and Mr. Billy Ross Thompson.

The bride is the daughter of Mr. and Mrs. John Eisfeldt of Cameron and the groom is the son of Mrs. Joe Thompson of Cameron.

The Rev. Loyd Burleson performed the double ring ceremony and Miss Peggy Mullinax furnished traditional wedding music. Mrs. Dwight Price of Cameron, soloist sang "The Lord's Prayer."

The bride, given in marriage by her father, wore a traditional gown of lace and tulle over taffeta. The bodice of chantilly lace featured long clinging sleeves and a sabrina neckline. She carried a bouquet of white carnations.

Her fingertip veil of French illusion was attached to a crown of pearls.

Mrs. Kenneth Caldwell was matron of honor and the bride's only attendant. She wore a blue dress and carried a bouquet of pink carnations.

Miss Kay Ann Eisfeldt of Cameron, cousin of the bride, was flower girl.

Serving as best man was Mr. Arthur Mays of Austin. Ushers were Marvin Junek and Hubert Marek of Cameron.

A reception was held immediately following the ceremony in the church recreation room.

Mrs. Arthur Mays served the three tiered wedding cake topped with a miniature bride and groom. Mrs. Ralph Kahlig of Burlington poured the punch and Miss Merlene Rummel registered the guests.

The bride is a graduate of Yoe High School and has served four years in the Navy.

The couple will make their home in Temple where the groom is employed with the Pure Milk Co.

Cameron Students Register Today

Registration for Cameron students who have moved here during the summer months will be held for the elementary school, grades 1-8 including the first grade students who failed to register in the spring, in the Ada Henderson school building, August 27 and 28 from 9 a.m. to 3 p.m.

Yoe High students will register August 27 from 9 a.m. to 10:30 a.m., all band members and athletes (students who plan to participate in football, track, basketball and baseball); and August 28 from 9 a.m. to 10:30 a.m. seniors and juniors; 10:30 a.m. to 12 noon, sophomores and freshmen.

Pre-Nuptial Party Honors Miss Kelly

Mrs. Edwin Brod and Mrs. L. D. Winburne honored Miss Dorothy Kelly with a brunch on Saturday morning in the party room at the Texan.

Mrs. Frank Richards gave a clever reading and presented the gift of the hostesses to Miss Kelly.

Orange juice, a choice of breakfasts and coffee were served to the sixteen guests present.

Mrs. Frank Reid registered the guests in the bride's book and had them autograph a large rolling pin which was a towel holder and with the centerpiece was later presented to the honoree.

College?

Certainly, you want your youngster to have good training. And with taxes what they are, about the best thing you can leave your children is a good education. Perhaps it's time to start saving for it now . . . with our help.

MRS. BRANN ALLISON

Ceremony Unites Miss Kelly, Allison

Marriage vows were pledged by Miss Dorothy Kelly and Brann Allison in a double ring ceremony performed last Wednesday evening in the garden of the Kelly home.

Mrs. Irma Porter Kelly and the late Clark Kelly are parents of the bride and the groom is the son of Mr. and Mrs. R. A. Allison of Buckholts.

The Rev. H. E. Crone of Sour Lake officiated before a rustic rock altar, flanked with hurricane lamps in graduated heights, a small fountain containing yellow water lilies with fern completing the background.

Mrs. Frank Reid played the traditional wedding music and accompanied Mrs. W. G. Harsha who sang, "The Sweetest Story Ever Told."

The bride wore a waltz length original Lou Galowitz model, a one piece beige organza over taffeta with three-quarter puff sleeves and the fitted bodice was circled at the waistline with satin with a small bow at center front.

She carried a bridal bouquet of yellow chrysanthemums arranged with French net, soft velvet leaves and satin ribbon. For something old she wore her maternal grandmother's necklace.

Miss Helen Reid was maid of honor and wore a full skirted short length dress of silk organza in seafoam green with matching accessories and a small green net head piece with showers of velvet chenille puffs. Her colonial bouquet was of bronze mums with background of net and showered with bronze satin ribbon.

H. L. Allison, brother of the groom, was best man.

Mrs. Kelly, who gave the bride away, chose for her daughter's wedding a dress of beige Swiss damask with beige accessories. The groom's mother Mrs. R. A. Allison was dressed in navy, with matching accessories. They wore identical corsages of bronze mums.

Reception

A reception was held immediately following the ceremony in the softly lighted garden.

A long table was covered in yellow net over taffeta and centered with a low arrangement of yellow mums.

Mrs. Harsha served the wedding cake decorated in pastel yellow roses and topped with wedding bells and orange blossoms. The mint punch was served by Mrs. H. L. Allison. Dainty mints with yellow roses and green leaves, the bride's chosen colors, were also served.

Table appointments were of crystal and silver. Mrs. J. L. Adams registered the guests in the brides book.

Other members of the houseparty included Mrs. Edwin Brod, Mrs. L. D. Winburn and Mrs. Leona White. Misses Christy and Cindy Clark passed attractive baskets containing net rice bags.

Mrs. Allison chose for her wedding trip a bronze tweed suit with matching accessories and her corsage was a yellow mum from her bridal bouquet.

The bride is a graduate of the class of '57 at Yoe High School and is a junior at SWTSC at San Marcos. The groom is a graduate of Buckholts High School and is engaged in farming and ranching.

Rehearsal Dinner

Following the rehearsal at seven o'clock on Tuesday evening Mrs. Kelly and Miss Mary Alice Porter, assisted by Mrs. Edwin Brod served an informal dinner to the wedding party in the lighted garden.

Work On Time For Dial System

Work on Cameron's new dial telephone system which goes into operation at 1:01 a.m. Sunday, October 4, is moving along on schedule, according to C. L. Carson, Manager for the Southwestern Bell Telephone Company here.

Construction of the modern dial building on the northeast corner of West First Street and North Travis Avenue has been completed. The new structure contains space for new dial switching equipment, business office and commercial quarters, office space for the company's wire chief, mechanical equipment room, and storage space.

Carson said that a crew of installers of the Western Electric Company, manufacturing and supply unit of the Bell System, are busy installing intricate dial equipment which will help speed telephone calls about town and across the nation. This work is now nearing completion.

"The job of installing the new equipment is slow and complex," Carson said. "Installation of the switches and switchboards requires approximately one million handsoldered connections, and when this work is completed, each individual wire and switch must be thoroughly tested."

Telephone lines and cables in many sections of the city are also being rearranged and expanded to meet the needs of the new dial system. Cable splicers and other plant personnel have been working around the clock so that every telephone in the city will be connected to the local dial network in time for the change. All lines will be thoroughly tested before the conversion date, Carson explained.

The Manager said that the program to place dials on all telephone instruments is all but completed throughout the city and in surrounding rural areas.

The change to dial here also means a change for Cameron telephone people. Local telephone men have had to learn operation and maintenance of the new switching equipment in order to give the best possible dial telephone service, Carson said.

Check Your Social Security Accounts

Persons whose work is covered by the Social Security Act may check their social security accounts simply by mailing a preprinted postal card to the central accounting office of the Social Security Administration.

Maurice M. Chastain, district manager for the Administration in Temple said that his office has a good supply of postal cards which are available without cost to anyone who wishes to check his account.

Chastain stated that each person who has a social security card has a private account and that future benefits to him and his family depend on the account being correct.

The best way for a worker to make sure that his account is correct is to check it every two or three years and let his Social Security office know if he disagrees with the amount of total earnings posted. If he waits longer than three years, it is difficult to correct the account because of the statute of limitations.

Persons who do farm work or domesic work for several people are especially advised to check their accounts regularly, according to Chastain, because there is occasionally a misunderstanding about reporting these wages. When this is brought to the attention of the Social Security Office promptly, the person's account may be corrected and other corrective action taken.

Former Cameronite Announces Wedding Plans In Texas City

Mr. and Mrs. Louis J. Drozd of Texas City, formerly of Cameron, announce the engagement and approaching marriage of their daughter, Miss Ella Josephine Wohleb to Wayne E. Edinburgh of Texas City son of Mrs. Rosita Edinburgh of Galveston and Mr. H. C. Edinburgh of League City.

The wedding will be an event of September 5 at 10 a.m. at St. Mary's Catholic Church, Texas City.

Attendants named for the wedding are matron of honor, Carole Ann Edinburgh, sister of the groom and bridesmaids, Sharon Laywell, Cameron and Ona Lee Hertenberger of Texas City and Bobbie Williams of Pasadena. Flower girls will be Diane Sue Mikulec of Cameron, Minnie Jane and Peggy Rae Hertenberger and Mary Frances Corbin. Best man will be Nolen Wohleb, brother of the bride and groomsmen will be Joe Humplik, and Louis Abel III, both of Cameron and Don Edinburgh.

If it's insureable, George Childress has the policy for it at low cost. Monthly premium payments avail.

Workers Needed . . .

We note that a good Milam cotton crop awaits harvesting due to some difficulty in getting workers.

In the past five years, getting workers was less a problem because the cotton was being depleted by soil bank, drouth, washout, insects and the multitude of things that can hurt cotton.

But with 1,200 bales of cotton already in and prospects for a 20,000-bale crop likely, we have this year an apparent shortage of workers.

Two agencies are working closely on obtaining the workers needed to pick cotton: the Milam County Farm Bureau and representatives of the Texas Employment Commission.

We urge that prospective employers and workers alike contact these agencies to meet the supply-demand situation in cotton harvesting.

If county workers are looking for work, it is available now. The harvest is early and the picking must be done.

With concerted co-operation of these agencies and the cotton producers and workers of Milam County, a good crop can be made.

Representatives for the Farm Bureau and TEC can be reached in Cameron.

An Oriental Rattle . . .

When Nikita Khrushchev and President Eisenhower talk about Cold War peace in September, the "rattle of sabres" will still be heard.

Khrushchev promised not to throw out military threats. But Communist China, still piqued at lack of UN recognition, is taking the initiative in Laos to remind both world powers of her irritation.

Communist rebels have chased Laos government troops out of nationalist strongholds in a renewal of hostilities prior to the Washington palaver.

So it seems that world peace, hot or cold, is becoming an issue beyond the control of Russia and the United States. Communist China makes it clear that she is not subject to Khrushchev's fiery mandate.

China's Mao has said that he is unconcerned about the prospects of total war with the West. "We may lose half our populace in a nuclear war," he said in so many words. "But that would still leave more than 300 million Chinese."

This boldness, in keeping with the irresponsibility of dictatorial leadership, could spell disaster for the rest of the world. Even Khrushchev has backed down in the realization that his people are sick of destruction and death (about 21 million Russians died in World War II).

But Red China has nothing to lose. They have driven Chang-Kai-Shek to Formosa. They have mobilized hundreds of millions in unworkable "communes." They have told Moscow that Red China would try to stand alone.

Those are things the President and Khrushchev fully realize. And yet the purpose of their meeting is talks on the fear of war between Russia and United States.

Any improved understanding between Russia and the U. S. would clear one hurdle. Another awaits at the turn.

The Little River Philosopher

Sage Defends Scientists Losing Their Nose Cones

Dear editar:

There is one phase of the outer space program that has begun to interest me, but not for any scientific reason.

Every once in a while the space scientists shoot a capsule or nose cone into orbit and then try to bring it down and catch it, so they can check its instruments and gather a lot of scientific information about which I don't know any more than you do.

But the point is, when they get one up and then signal it down, sometimes they can't find it. It just floats down by parachute somewhere over the Pacific ocean and despite the fact they comb the area with airplanes and ships, they can't find it, and this causes some people to criticise them. "What's the matter with those scientists, can't say they do better than that? some people will say.

As a man who frequently can't find something he's looking for, I want to come to the defense of the scientists.

In fact, I lose things all the time around this Johnson grass farm. And I don't understand it, either. Say I'm using my hammer to fix a fence and decide to stop and do something else and agree to come back to the fence later. I carefully lay the hammer down, make a mental note of exactly where it is, couldn't anybody forget that, then go about my business and a week or so later when I need a hammer, I wrack my brain a while, remember the fence, go back and look but it's not there. I think it's the same fence, but to make sure I walk em all, up one side and down the other, but I might as well be searching the Pacific ocean for a nose cone.

The same thing is true with my saw, axe, hoe, pliers, wrenches, why, one time I even lost my tractor. It's a fact, I left it at the end of a row, got interested in keeping up with a Presidential campaign, weeds grew up around it, and later on when I needed it, it was days before I could find it.

As far as I'm concerned, if those scientists find one nose cone out of ten ,they're doing better than most of us, except for those rare people who know where every tool they own is and never have time to explore outer space, or even just sit down and do nothing.

Yours faithfully,
J. A.

Martha Class Meets With Mary Fanning

The Martha Class of the First Baptist Church met for its regular business meeting and social hour recently. Miss Mary Fanning was hostess and Mrs. Dovie Rivers was co-hostess.

The meeting opened with prayer led by Miss Fanning and Mrs. Ruby Lee Swanzy gave the devotion. Mrs. Aubrey F. Russell led the closing prayer.

Refreshments were served to the nine members present.

Mr. and Mrs. Wayne Mann and children spent a weeks vacation in West Texas, Colorado and New Mexico.

Capital Report . . .

State Packs Up For New Building

By Vern Sanford

AUSTIN - Texas will have a virtual "government on wheels" for the last part of this month as 31 state agencies pick up their filing cabinets and move into the new State Office Building.

This is the second new headquarters building to be completed this year. First to be occupied was the new Texas Employment Commission building, completed only a few weeks ago.

Transferring into the new State Office Building undoubtedly will cies since horse-drawn day wagons moved the government into the present Capitol Building in 1888.

First to move will be a host of commissions, broads and divisions which have been in rented quarters scattered over Austin.

Later, probably October or November, another big move will take the Supreme Court, Court of Criminal Appeals, Attorney General's Department and Supreme Court Library out of the Capitol into the new State Court Building third state building to be completed this year.

It has been the dream for some time of the Supreme Court's elderly Chief Justice John E. Hickman to stay on the job until the day he could preside in the new Courts Building.

Built of grainite similar to that in the Capitol, but with modern styling, the new buildings are to the north of the Capitol. Combined cost of the two buildings is some $7,000,000.

With all the happiness over the prospect of splendid new quarters, there are some regrets. Many employees are worrying about where they'll park their cars once all the scattered agencies move into one building.

Supreme Court jurists feel a touch of sadness at leaving behind the historic walnut bench, inscribed with the Latin phrase, "As God was to our Forefathers, so may He be unto us." It has been in use practically since the memory of man. Replacement is a handsome marble piece which the judges compare to a soda fountain.

Progress and Property

A tingle of excitment, fear and hope runs through landowners and business people when they learn that a new super-highway is to come through their area.

Some residents fret over the prsopect of losing the old home place. Others dream of wild profits. Businessmen worry whether the motorists will be able to get to their places.

As more and more expressways pierce the countryside, the State Highway Department is making every effort to explain the procedures for acquiring highway right of way.

Samples from recent official Department statements:

1. Although its first responsibility is to the public — the taxpayers and millions of highway users The Highway Department "tries to create a minimum of private injury or inconvenience."

2. When private lands are needed for public roads. The law guarantees "adequate compensation" to the owner. Independent professional appraisers are hired, and an "approved value" figure determined.

3. Once the "approved value" is settled on, the Department negotiator can't "horse trade" with the landowner. This might reward the greedy and tough-minded at the expense of the timid or public owner can have the matter settled spirited person. But a dissatisfied in court.

4. When part of a piece of property is taken and the rest left isolated or of little value, the state will make payment for the loss of value.

5. Owners will be given ample time to move buildings to another site or find new buildings.

6. If an owner with a GI mortgage has to sell, the Veterans Administration will restore his GI loan privileges for getting a new piece of property.

7. An owner who sells property for more than he paid for it will not have to pay income tax on the profit, providing he uses the money to buy similar property within a year.

8. Controlled access highways cannot have an entrance and exit for every piece of property along the way. Real estate developers are urged by the Department to contact the local planning engineer before making any commitments based on acess to the through lanes of a controlled access road.

20 Years Ago

Fifty years ago, August 22, 1889 the First National Bank opened for business. Officers of the bank in 1889 were John M. Hefley, president; C. P. Dodge, cashier, and T. F. Hardy, assistant cashier.

A tax cut of 5 cents was reported by the Commissioner's Court.

Jeff Hefley, owner of the Central Texas Retail Credit Bureau in Bryan was in Cameron and said that slot machines, marble machines and other forms of gambling had been driven out of Burleson County.

Plans were being made for the construction of the Educational building of the First Baptist Church. The building is to cost $15,000.

Mrs. Coy C. Arledge was in the limelight on the golflinks at the Cameron Country Club when she made a hole in one on No. 9 with a shot of 182 yards.

Mrs. Edwin Adams and Karen visited relatives in Dallas last week.

The James Kahlers and the Don Humbles were week end guests of Mr. and Mrs. Marlin Harris in the valley.

Mr. and Mrs. Hilliard Thomas and Marian returned last week from a tour of the Western states which included a visit to Grand Canyon.

Mr. and Mrs. Gerald Beach of Temple, Mrs. Hubert Jistel, Carolyn Jistel and Wayne Jistel visited Mr. and Mrs. Johnny Ray Marak and Mr. and Mrs. Paul Hubnik of Odessa. They also visited Mrs. Hubert Jistel's brother of Abilene, M'Sgt. Ervin Hollas the past week end.

Mrs. Lewis Elected To Phi Kappa Phi At U. Of Houston

Mrs. Ida Bell Lewis, supervisor-counselor of Milam County Schools and small independent schools, was recently elected to membership in the University of Houston Chapter of the Honor Society of Phi Kappa Phi.

Election to membership is the highest scholastic honor that can be received by a student at the University. Less than ten per cent of each highest honor students is elected to membership by the active members of the local chapter.

Mrs. Lewis has been serving in the county superintendent's office for the past ten years.

To Receive Degrees

BELTON—Mrs. Tennie Fay Croppel and Mrs. Josie G. Gibbs of Cameron were among those scheduled to receive degrees at Mary-Hardin Baylor College's Summer Commencement program Thursday night.

Schools Expecting 1,600 Pupils Here

School officials are expecting upwards to 1,600 students by midyear as Cameron schools registration opens today.

Supt. Wiley Loughmiller reports that classes will officially begin Tuesday after registration is completed tomorrow at Yoe Campus.

O. J. Thomas registration will begin Monday.

Officials said that faculty meetings orientation sessions have been held for 10 new teachers employed to fill vacancies created largely by resignations this summer.

Total school registration during the past year reached 1,587 about the average of public school attendance during the past five years.

A steady increase by January 1 is expected to take total enrollment to 1,600, Loughmiller said.

Several advanced academic programs will be continued in the Cameron system and some new subjects will be introduced in junior high school.

Grouping of second-to-eighth grade students according to ability based on test performance will continue. And special grouping is also planned for certain subjects in Yoe High School where enrollment is highest.

School officials will discontinue grouping as subjects become more selective, Loughmiller noted.

In the eighth grade curriculum, Algebra I and General Science will be introduced to students who have shown aptitudes in science and mathematics. Students taking these courses in the eighth grade will enter senior high school with two credits not counting toward high school graduation but which can be used for college entrance requirements.

Funeral Services Held Saturday For Mrs. Will Strickler

Mrs. Will Strickler, 87, long-time resident of the Ben Arnold community, passed away at the home of a daughter, Mrs. R. L. Boyls, 805 East 14, at 9:30 p.m. Thursday. Mrs. Strickler, an invalid for two years, had been critically ill for the past week.

Mrs. Strickler, daughter of German immigrants, David and Marie Runge Piel, was born February 22, 1872, in Shelby, Austin County, Texas. April 4, 1892, she married Will Strickler, who preceded her in death in January of this year.

Funeral services were held at 2 p.m. Saturday at the United Church of Christ, Ben Arnold. Rev. Gerald R. Cobb officiated at the services and burial was in Elm Grove Cemetery, Ben Arnold.

Survivors include: three sons, Walter Strickler, Ben Arnold; Edmond Strickler, Lake Travis; Perry Strickler, Round Rock; two daughters, Mrs. Henry Kraemer, Rosebud; Mrs. Robert Lee Boyls, Cameron; two sisters, Mrs. Lena Schulz, Littlefield; and Mrs. Belinda Neumann, Sealy; one brother, Otto Piel, Ft. Worth; ten grandchildren and sixteen great grandchildren.

Pallbearers were grandsons, Jesse Strickler, Clarence Strickler, Walter Strickler, Jr., Leonard Strickler, Calvin Kraemer, Richard Heugatter and W. D. Moore.

Green's Funeral Home was in charge of arrangements.

Cards of Thanks

We wish to take this opportunity to thank our friends and neighbors, Doctors E. O. Smith and S. H. Richardson, and Rev. Gerald R. Cobb for the many acts of kindness shown us during the illness and death of our beloved mother, grandmother, and great-grandmother.

May God bless each and everyone of you.

The Family Of
Mrs. Will Strickler

OJT Principal Outlines Program For Coming Year

Albert G. Whiteside, principal of O. J. Thomas, has outlined registration, teachers meeting and opening of fall term as follows:

Teacher's meeting and work day Friday, from 8 a.m. until 4 p.m.

Registration, all grades, Monday beginning at 8:30 a.m.

First day of classes, Tuesday, September 1, 8:30 a.m., Lunchroom will be open.

Principal Whiteside gave these specific instructions and requirements for pupils entering the first grade for the first time:

1. Pupils must have a certificate of birth which can not be returned until five years have past.

2. Pupils must have a certificate or a statement of immunization against diphtheria and small pox signed by a physician (certificate can not be returned.)

Parents may have pupils immunized against other diseases, but it is not required by school officials as of now.

Pupils entering the first grade for the first time, should be accomplained by a parent or another adult; an older pupil entering school will not have the time to direct the child.

Whiteside concluded by saying, "Pupils entering the first grade for the first time, postitively will not be permitted to register until the requirements of item 1 and 2 above are met."

Maysfield: Nevada Guest Visits Relatives

By Mrs. J. P. Wise

Mrs. Summer Hollingsworth of Las Vegas, Nevada visited the Elbert Hollingsworths this week.

Mrs. Dock Thweatt, Mrs. John Thweatt, and Mrs. Roy Newton visited in Austin Tuesday.

County Agent Reports:

Sheep Vote Is Next Month

By J. D. Moore

Sheep men to vote on check-off referendum—Even though Milam County is not considered a sheep producing county, there are some 80 producers in the county listed with the local ASC office.

Sheep producers are urged to inform themselves on the wool check-off program to be voted on in September. Ballots will be mailed to each sheep producers during September. Briefly, the check-off program allows the withholding of one cent per pound from the wool payments for the purpose of promoting the industry.

The Farm Bureau is opposing the program on the basis that it is compulsory and does not give the producers any "voice in how the because this country does not promoney is spent. We import wool duce enough for domestic consumptin. The Farm Bureau points out that wool is bringing about one-half the price to the producers off program because he says a part of the money is being used to promote foreign wool in this country.

Norman Winder of Cenver and Craig, Colo., immediate past president of the National Wool Growers Association, and past chairman of the National Livestock and Meat Board, challenged the American Farm Bureau position with regard to this program.

Detailed information regarding this program is available at the local Farm Bureau office and producers are urged to inform themselves in order to vote intelligently.

New Oat Varieties

Seed stores are now booking their small grain seed supplies which farmers will purchase in the next few weeks. Two new oat varieties may be offered for sale in this area and the following information has been received concerning the "Suregrain" and "more grain" varieties. These two varieties were developed by a seed company of Hartsville, S. C., one of the South's oldest seedsmen. This is the company that developed the victor grain and Fulgrain oat varieties.

The "Suregrain" and "more grain varieties were released last year so supplies will be short and perhaps high priced. The Texas A&M Experiment Station entered these varieties in all tests last year (1958). Both varieties produced outstanding yields in many tests and it appears they will be among the better varieties at most stations again this year (1959).

These varieties are early maturing, have very plumy light red seed and strong, short straw. They are both resistant to present races of crown (leaf) rust but races are present in Florida which can attack them.

Because of this, agronomist are not sure they will maintain their resistance. Both varieties are susceptible to stem rust. Both have better resistance to Helminthosporium blights than most commercial varieties.

Forage tests and estimates show that more grain and Sure grain will be satisfactory as forage crops. They produce forsage early and in tests this year, maintained for it very well through the season. These varieties are recommended for the area south of Waco and Hillsboro. They are not as hardy as Mustan, Bronco, or new Nortex.

Cameron Livestock Report

Thursday Sale

Quality cows and calves sold well while hog prices were up last Thursday at Cameron Livestock Auction.

Officials said that cattle consignments totaled 471 cattle, 183 hogs, two sheep and two goats.

Buyers totaled 74 in the Thursday bidding. A good crowd turned out both for the hog sale and cattle auction.

Thursday prices were:

STEERS:		
Good Choice Fed Steers & Yearlings	25.50	27.50
Common to Medium	21.00	25.00
COWS:		
Fat Cows	17.00	20.50
Canners and Cutters	14.00	16.00
Stocker Cows	18.00	UP
BULLS:	17.50	23.00
Good & Choice Slaughter Calves	26.50	28.50
Common and Medium Kinds	24.50	26.50
Culls	19.00	UP
Good & Choice Stocker Steer Calves	30.00	35.00
Heifers	30.00	DOWN
Medium to good stocker and Feeder Steers	21.50	26.00
COWS AND CALVES:		
Good	240.00	275.00
Medium	195.00	235.00
Plain	165.00	185.00

HOGS—Top, No. 2 grades in weights of 200-250 lbs. $15.10 to $15.30; No. 3 grade butchers 200-250 lbs. $14.80 to $15.00; Light weight butchers 165-195 lbs. $13.90 to $14.80; Heavy butchers 250-300 lbs. $14.00; Sows, depending on weights $4.50; No feeder pigs were offered today.

Yes Sir, George Childress represents the Hartford Fire Insurance Company. You will be surprised how little the Best costs. —Adv

Farm Scene

Rats Costly In Town Or Country

People who know say a single rat can wade through $2 worth of dry corn without any trouble whatever and despoil another $20 worth in the process.

They're mighty expensive critters to tolerate in town or country, both by virtue of the food they eat and the some 27 diseases —including typhus fever and bubonic plague--they are known to spread.

This time of year rats will be in field burrows. Soon though, with rural harvest well underway and cooler weather coming, they'll move into grain bins and feed stacks and buildings where food is stored.

If you're interested in keeping them out of your place, now's the time to formulate a plan to deprive them of food and shelter this winter and avoid a repetition of last year's record-breaking infestation.

Start by burning or piling scrap lumber at least two feet off the ground. Scatter feed stack chaff and manure over fields. And keep the inevitable weeds and grass around outbuildings cut so as not to attract rats.

Rats breed so rapidly that mere killing campaigns without accompanying sanitation are worthless. On the other hand, striking reductions in rat populations have been made by rat proofing without killing procedures.

Farm buildings in good repair are seldom infested with rats, so it follows that's the way to keep them. Check to make sure walls are tight and that floors and foundations are crack-less. A strip of galvenized metal three feet or so high, placed around the base of a building will keep rats out — provided they can't get through the doors.

By and large, rats as a group probably prefer grain to any other type food. Which is a good argument in favor of building new granaries tight and off the ground.

All known rat runs ought to be baited with poison. In one closely supervised campaign, almost 12,000 rats were killed at a cost of about 4 cents per rat. Warfarin bait was used, and the amount required to kill a rat averaged slightly less than a quarter pound.

Thirty Take Tour On 4-H Project

By R. W. Hoermann
Ass't County Agent

Milam County held its annual 4-H beef calf tour, Wednesday, August 19, with about 30 people taking part in the tour. Observed during the tour was feeding, managing, and grooming of beef steers and heifers.

The 4-H projects visited were Pat and Nan McClarens beef steers, Arvell Jungmann's shorthorn heifer, Larry Jungman's beef steers and Ronald Litzman's Hereford heifer.

FFA projects visited were Eugene Glaser's beef steers and Pat Wallace, beef steers.

Heifers owned by Arvell Jungmann and Ronald Litzman are Houston Scramble Heifers and will be shown at the Houston Fat Stock Show in 1960.

The projects were well cared for and a lot of work has been done by the boys and girls.

Cotton Root Rot

Cotton root rot has been seen in Milam cunty fields during the past month. It decreases the yield of cotton lint and seed. This reduction in cotton fiber and seed can be partially eliminated by cultural practices.

Plants affected by root rot die suddenly after symptoms of wilting. When pulled from the soil the bark of the roots is found to be decayed and frequently shows brownish wooly strands of the fungus on the surface.

A good crop of humus in the soil helps reduce the incidence of root rot.

The humus reduces compaction of the soil and this retards the growth of the root rot organism.

Rotation of non-susceptible crops with cotton on the land is one of the best methods of reducing root rot fungus. A one year rotation will reduce root rot by a large percentage. Two year rotations of a non-susceptible crop on the land will nearly eliminate root ro.

Good Weather Hastens Crops

Favorable weather hastened the harvest of fall crops a little ahead of schedule this week, with a labor shoratage noted. The maize harvest nearly is complete except for scattered late planted fields.

Corn harvest made excellent progress with farmers reporting good conditions for machine harvesting of a fair to good corn crop. Most of the corn crop is shelled and sold at harvest time. Most of the corn is trucked out of the county direct to terminal markets.

The corn fields are fenced and farmers and stockmen "clean up" the corn fields by turning their cattle in to pick up corn left in field and to eat the surplus grass.

Cotton bolls opened ahead of schedule and many farmers need labor to get the crop out before rains set in to lower the grade of the cotton.

About 1,200 bales of cotton was harvested last week according o P. W. Davis, manager of the Cameron Compress. If labor becomes available, cotton harvest will get into full swing next week.

Electronics In Agriculture

Farmers may soon be using electronics, thinks Cecil Parker, extension farm management specialist. Don't look for electronics to take over the plowing and milking jobs just yet, says the specialist, but it may perform an even more vexing chore— the complicated brainwork necessary in modern agriculture.

Electronic computers, through a technique called linear programming, can give a more precise and accurate answer to many farm management problems than the most experienced farmer, says Parker.

To Receive Master's Degree

Mrs. Glen Dodson will receive her masters degree in education from Sam Houston State Teachers College in Huntsville August 28. She has been elected to teach in Jasper where they are making their home. Mr. and Mrs. Eddie Dodson of Cameron plan to go to Huntsville for the exercises.

At 1:01 A.M., on Sunday, October 4

All Cameron telephone numbers will change at 1:01 a.m., Sunday, October 4, when the city's dial system goes into service.

From that moment, all the numbers in your old telephone directory—numbers you have been calling from memory, numbers you have jotted down somewhere—will be WRONG numbers.

Your new DIAL telephone numbers will be listed in the new DIAL directory, which will be delivered to you before the new system goes into service.

Until the change is made on October 4, please continue to use your present directory. After the new dial system goes into operation, be sure to look up the right number in the new DIAL directory before you call.

HOW TO USE THE NEW DIAL SYSTEM

Suppose you want to call OX ford 7-3199.

Place the receiver to your ear, and listen for a steady hum — the dial tone. Place your finger in the dial opening over the letter "O." Pull the dial around until your finger strikes the finger stop. Remove your finger and let the dial spin back freely. In the same way, dial letter "X" and the figures 7, 3, 1, 9 and 9 in order.

* * *

When you have finished dialing, you will hear a "burring" sound if the called telephone is ringing. If the line is busy, you will hear a fast buzz-buzz; hang up, and try again after a short wait.

School Enrollments Up In National Baby Boom

American business is keeping a close watch on rising student enrollments across the nation.

The reason for this is obvious. "Knowledge of social changes is essential to supply the needs of today's families," says J. C. Penny's Manager Louis McKee. As an example, he cited figures released by the Company on trends in American education.

Out of the total population of about 179 million, nearly 45 million were in school during the 1958-59 school year. It was the 14th consecutive year. In this case, the increase over the 1957-58 school year, he said, that enrollment had shown an increase over of year was 1 ¾ million.

The end is far from being in sight. In 1936, less than 2.5 million babies were born in America. In 1947, 4.25 million were born, and the upward trend is continuing.

In the 14-21 age group, only 8 per cent were in school or college in 1900. Today nearly 60 per cent of this age group are enrolled in school or college.

Increase Is Staggering

Since 1950 enrollment in elementary and seconday schools has increased a stagering 42 per cent. Another 16 per cent increase is expected by 1965.

Taking other age groups, 96.5 per cent of youngsters from 6 to 17 were in school last year. In the 16-17 age group, 80.5 per cent were in school, compared with 67.6 per cent for the same group in 1947.

The total number of persons attending school and college is growing at the rate of nearly 2 million a year - faster than the population rate of growth.

College enrollments are, of course, reflecting the upward trend. At the present time, 51 per cent of high school graduates enter college. In 1900, enrollment of resident students in the 18-21 age group in colleges was only 4 per cent of the total number of 18-21 year olds. In 1950, it was 30.9 per cent. Now it is 35.6 per cent, and going up.

With enrollments rising astronomically, shortages of teachers and of classrooms have become national problems.

In the fall of 1958, America was 140,500 classrooms short of its needs. Of these, 65,300 were needed to accommodate excess enrollment, and 75,200 were needed to replace unsatisfactory facilities.

68,400 classrooms are scheduled for completion during 1958-59. Unfortunately, this represents a decrease of 4.4 per cent in the number of classrooms completed in 1957-58.

In the fall of 1958, 34 million pupils were enrolled in America's elementary and secondary schools. A total of 1,843,000 of these, or 5.4 per cent, were in excess of the normal capacity of publicly owned school plants in use.

The result: half-day sessions, overcrowded classrooms and possible decrease in quality of instruction that has the whole nation concerned.

Teacher Shortage

The teacher shortage is another problem that has attracted the attention of every parent. During 1958-59, America was short 132,000 teachers at the elementary and secondary level. By 1965 we will need 350,000 more teachers than we now have, and we may fall 250,000 short of attaining the needed number.

Another problem is posed by teachers with substandard qualifications — a problem made more acute by the teacher shortage, which sometimes results in pressing inadequately qualified persons into service. Last year 92,300 teachers held substandard certificates and credentials, representing 7.1 per cent of the entire elementary and secondary teaching.

Allied to all these problems and underlying them all, is the cost of education today.

Expenditures for all public and private education in the U.S. during the 1958-59 school year were $22 billion. $14.4 billion of this was spent on public elementary and secondary schools — $456 per pupil enrolled and about 3 per cent of America's gross national product. 1958 budgets for colleges and universities totalled $4.5 billion.

Governments Bear Expense

96 per cent of the cost of public elementary and secondary schools falls on local and state governments. But people who are aware of the rise in school taxes probably do not realize that a larger percentage of all taxes was earmarked for education. In 1922, 20 per cent of all taxes was earmarked for education. In 1957, the figure was only 12 per cent. State and local budgets have creaked and groaned under rising education costs. Since 1948 local and state debt had risen 184 per cent much of the rise being accounted for by increasing school costs. Many communities have reached — and surpassed — a safe level of bonded indebtedness.

Solutions Being Sought

Solutions to the problems are being sought on many levels. For the sake of economy, many school districts have been consolidated. In 1959, there were 40,000 school districts in the United States — less than half the 1948 figure. In 1958, there were 26,000 one-teacher schools in America — a reduction of two-thirds since 1948.

Educational TV is receiving increased attention and study as the classroom problem continues to grow.

Public discussion over the role of the federal government in the school crisis is increasing, and the problems are occupying more and more time of the nation's legislators. The 85th Congress passed a number of laws affecting education. Among the most important is the National Defense Act of 1958. As the name of the Act implies, the legislation puts the American people and Congress squarely on record as believing that the question of adequate education is bound up with the question of national survival. Among other things, the Act provides for:

—grants to states and loans to fellowships for college teachers.

—Grants to states and loans to private schools for the improvement of science, mathematics and foreign language instruction.

—grants to the states for establishing guidance, testing and counseling programs in secondary schools and to colleges and universities for guidance personnel in secondary school.

—centers and institutes for training teachers and other experts in foreign lagnuages.

—research in educational TV and dissemination of findings.

—aid to state departments of education to help them improve their statistical and reporting services.

60 Cameron Teachers

9 Teachers Join City Faculty

Nine new teachers have joined the 60-man faculty of Yoe High School, Ada Henderson and Ben Milam Schools for the 1959-60 year.

School officials listed seven new teachers at Yoe High School.

They are: Max McClaren, English; Vernon B. Sewel, Jr., industrial arts; Mrs. Joyce Crow, commercial studies; Jerry Hopkins, coach; Fred T. Johns, science; Max Treadwell, coach; and Mrs. Erlene James, mathematics.

New to the elementary staff are John Harrison McLerran, coach; and Mrs. Glenda S. Dusek, music.

A complete list of teachers follows. Only one vacancy remained prior to school opening:

Max McClaren, Vernon B. Sewell Mrs. Joyce Crow, Jerry Hopkins, Mrs. Barbara Burke, Francis Cox, Miss Louise Jamison, Pat Kelly.

Mrs. Emma McDermott, Mrs. Patsy Nance, Mrs. Ruth Rosson, Miss Ada Margaret Smith, James Speer, Mrs. Imogene Whatley.

Mrs. Beatrice Wiese, Miss Dallie Young, J. R. Young, Fred T. Johns Max Treadwell, Mrs. Erlene James.

Elementary

V. A. Adams, Mrs. V. A. Adams, Mrs. Otelia Barker, Mrs. Mildred Barr, Leon L. Brady, Mrs. Elaine Carleton, Mrs. Ruby Coward.

Miss Agnes Dusek, Mrs. Frances Hensley, Mrs. Merle Hickman, Mrs. C. W. Hudson, Mrs. Dott Jeter, Miss Mabel Jeter, Mrs. Mary Lawrence, Mrs. Ellen Malcik, Miss Nell Mayes, Mrs. Charlie Nabours, Miss Lois Randolph, Miss Mary Randolph.

Mrs. Virginia Schuhsler, Miss Katherine Sproull, Mrs. Vance Werner, Mrs. Leona White, Mrs. Helen Jo Young, Mrs. Elizabeth Zelisko, Mrs. Nadine Zelisko, John Harrison McLerran, and Mrs. Glenda S. Dusek.

Buckholts Schools Open Doors Mon.

Buckholts schools will open Monday following registration today due to be completed at 3 p.m., according to J. W. Perry, new superintendent of schools.

He urged that new first grade pupils bring birth certificates and vaccination certificates for small pox and diptheria for registration today.

Formerly principal of Calallen High School, Perry heads a list of three new teachers in Buckholts schools.

He is a graduate of Southwest Texas State College with a bachelor of science and a graduate of Texas A&M with a master's. His orignal home is in Round Rock.

Also added to the teaching staff was Jimmy Hauk, English teacher and assistant football coach. He received his bachelor's from Sam Houston State and is continuing study there. He is a native of Cameron and has taught at Cleveland.

Another new staff member is Don Phillips, who will teach business at Buckholts. He is a graduate of Texas Tech, Lubbock, and is continuing graduate work at the University of Texas. The native of Big Spring taught two years at Edcouch-Elsa.

All faculty members will meet 9 a.m. tomorrow, Perry said.

Other teachers are:

ELEMENTARY—Arnett Zelisko, principal; Miss Mary Walschak, Mrs. O. W. Whittington and Mrs. H. O. Chamberlain.

HIGH SCHOOL—Roy Hensley, math and science; Lester Hanke, history-coaching; Mrs. C. P. Vickery, home economics; and Eugene Bayer, vocational ag.

Clarkson: Mrs. Schulz Feted On Birthday At Her Home Sunday

Mrs. Otto Schulz Sr. celebrated her birthday Sunday with a dinner with the following guests present, Mr. and Mrs. Otto Schulz Jr. and children of Temple, Mrs. W. R. Kelm and sons of Meeks, Mr. and Mrs. Bill Stall of Yarrellton, Mr. and Mrs. John Senkel of Cameron, Mr. and Mrs. Walter Senkel of Maysfield and Mr. and Mrs. Arnold Juergens and daughter of Briary.

Mr. and Mrs. O. L. Townson and children Wayne and Mary Frances of Houston and Mr. and Mrs. Frank Ocker of Rosebud visited Mr. and Mrs. V. W. Hauk and Marilyn last week end.

Mrs. V. D. Dodd spent the past week in Ft. Worth with her daughters and their families the Jack Briggs, C. E. Richardson, Joe Fildelflieas, Tony Vartos, George Griffens and Miss Inez Dodd.

Mr. and Mrs. Otto Schulz were guests of Mr. and Mrs. Walter Schulz in Rosebud last Sunday.

Mr. and Mrs. Otto Mayer and family visited Mr. and Mrs. Henry Ernst of Barclay Monday night.

Mr. and Mrs. John A. Blasienz of Bryan visited his father, J. A. Blasienz and Mrs. Blasienz Thursday.

Betty Rae Mayer visited Mrs. Lawrence Clement of Barclay recently.

Coe Copeland of Mangum, Okla. visited in the Joe Hauk home Monday.

Bernard Kleypas and children Mike and Nan of La Marque spent Thursday night in the Otto Mayer home.

View On Sports

By Robert Mann
Herald Sports Editor

Football fans that keep a close eye on the Yoemen will notice a number of position changes this fall.

Ernest Bayer, 199 pound sophomore has been moved from tackle to the fullback position. Bayer was second all-district at the tackle slot last year as a freshman.

Another noticable change in the lineup was that of senior James Fontaine being moved to end from guard.

Bayer who has enough speed and runs with a lot of power could be a deciding factor in the Yoemen's success but he will have to battle it out with other backs like Billy McQueen to hold down a permanent position in the backfield.

V O S

Paul Hoelscher is among the probable starters at Victoria Jr. College this fall for the football squad.

V O S

It's apparent that quarterback Charles Hollas will not see football action this year due to a weak shoulder, this will leave Coach Jim Speer with the job of coming up with another quarterback.

Leading candidates are Carol Fikes, last year's halfback and freshman Jimmy Woodum.

180 Children Will Attend Opening Day Classes Sept. 2nd

Classes at St. Anthony's School will begin on September 2 with a faculty of five teachers and an enrollment in excess of 180 children. A temporary school room will be provided so that the first and second grades will have their individual teachers. It is anticipated that by the next school term, two additional class rooms, a library and possibly a cafeteria will be added to the present school.

Because of the large number of children in attendance from the rural areas, classes will begin at 8:30 a.m. and be dismissed at 2:15 p.m. for a few weeks in order to enable the children to help with cotton picking.

Because of the shortage of sisters and an increase of enrollment, a lay teacher has been added to the faculty for the current year.

The teachers are: first grade, Sister Medrard; second grad, Sister Fides; third grade and fourth grades, Mrs. John Gelner Jr., fifth and sixth grades, Sister Theophane; and seventh and eighth grades, Sister Faliciana.

PTA Open House Set September 3

The Cameron Parent Teachers Association will start the school year with the traditional open house September 3 at 7:30 p.m. on the school tennis courts according to Mrs. W. C. Wallace, acting president.

Theme for the opening meeting where faculty and school board members will be introduced is "Back to School through PTA."

An active program has been outlined for the Cameron Association in executive board meetings this summer with guidance from the state association.

In addition to programs which helped acquaint parents with the functioning of the schools, Cameron PTA last year made a number of outstanding contributions to the school. Under the leadership of Mrs. E. O. Smith the association: refurnished the teachers rest room in Yoe High; gave 12 work tables to the Ben Milam school; gave 4 reference books to the Ada Henderson school; gave the book of the year for children to the Ben Milam Library; provided 10 Parent Teacher manuals for PTA officers; furnished a filing cabinet for PTA reference material; planted 4 pecan trees on the school campus; purchased Roberts Rules of Order for the PTA.

Mrs. Wallace said that the Parent Teachers Association objectives would be the guide for this years program. They are:

To promote the welfare of children and youth in home, school, church and community.

To raise the standards of home life.

To secure adequate laws for the care and protection of children and youth.

To bring into closer relation the home and the school that parents and teachers may cooperate intelligently in the training of the child.

To develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social and spiritual education.

Mrs. Wallace added that all parents are urged to support the PTA in working towards a constantly improving school system and attend the meetings which will be held the first Thursday of each month at 7:30 in the Ben Milam cafetorium.
